**Translation and Music** Sebnem Susam-Sarajeva, 2016-04-08 Popular and multimodal forms of cultural products are becoming increasingly visible within translation studies research. Interest in translation and music, however, has so far been relatively limited, mainly because translation of musical material has been considered somewhat outside the limits of translation studies, as traditionally conceived. Difficulties associated with issues such as the 'musicality' of lyrics, the fuzzy boundaries between translation, adaptation and rewriting, and the pervasiveness of covert or unacknowledged translations of musical elements in a variety of settings have generally limited the research in this area to overt and canonized translations such as those done for the opera. Yet the intersection of translation and music can be a fascinating field to explore, and one which can enrich our understanding of what translation is and how it relates to other forms of expression. This special issue is an attempt to open up the field of translation and music to a wider audience within translation studies, and to an extent, within musicology and cultural studies. The volume includes contributions from a wide range of musical genres and languages: from those that investigate translation and code-switching in North African rap and rai, and the intertextual and intersemiotic translations revolving around Mahler's lieder in Chinese, to the appropriation and after-life of Kurdish folk songs in Turkish, and the emergence of rock'n roll in Russian. Other papers examine the reception of Anglo-American stage musicals and musical films in Italy and Spain, the concept of 'singability' with examples from Scandinavian languages, and the French dubbing of musical episodes of TV series. The volume also offers an annotated bibliography on opera translation and a general bibliography on translation and music.

Exploring Art Song Lyrics Jonathan Retzlaff, 2012-05-31 Drawing generously from four centuries of Italian, German and French art song, Exploring Art Song Lyrics embraces the finest of the literature and presents the repertoire with unprecedented clarity and detail. Each of the over 750 selections comprises the original poem, a concise English translation, and an IPA transcription which is uniquely designed to match the musical setting. Enunciation and transcription charts are included for each language on a single, easy to read page. A thorough discussion of the method of transcription is provided in the appendix. With its wide-ranging scope of repertoire, and invaluable tools for interpretation and performance, Exploring Art Song Lyrics is an essential resource for the professional singer, voice teacher, and student.

Petrarch's Lyric Poems Francesco Petrarca,1976 Durling's edition of Petrarch's poems has become the standard. Readers have praised the translation of the authoritative text as graceful and accurate, conveying a real understanding of what this difficult poet is saying. The literalness of the prose translation makes this book especially useful to students who lack a full command of Italian.

*Lyric Poetry by Women of the Italian Renaissance* Virginia Cox,2013-07-31 Bilingual, annotated edition of more than 200 poems by Italian Renaissance women, many of which have never before been published in English. Outstanding Academic Title, Choice Lyric Poetry by Women of the Italian Renaissance is the first modern anthology of verse by Italian women of this period to give a full representation of the richness and diversity of their output. Although familiar authors such as Vittoria Colonna, Gaspara Stampa, and Veronica Gambara are well represented, half of the fifty-four poets featured are unknown even to many specialists. Especially noteworthy is an extensive selection of verse from the period following 1560, which has received little or no critical attention. This later, strikingly experimental, proto-Baroque tradition of verse is reconstructed here for the first time. Virginia Cox creates both a scholarly teaching resource and a collection of poetry accessible to general readers with no previous knowledge of the Italian poetic tradition. Each poem is presented in its original language, accompanied by a translation and commentary. An introduction traces the history of Italian lyric poetry from the fifteenth to the seventeenth century. Cox also provides a guide to meter, rhythm, and rhyme, as well as a glossary of rhetorical terms and a biographical dictionary of authors. Organized thematically, this book offers poems about love, religion, and politics; verse addressed to patrons, friends, family, and places; and polemical and correspondence verse. Four languages are represented: Greek, Latin, literary Tuscan of various levels of standardization, and the stylized rustic dialect of pavan. The volume contains more than 200 poems, of which about a quarter have never before been published in a modern edition and more than a third have not previously been available in English translation. Exhaustive and insightful . . . This is an amazing book, a major achievement in the field of women's studies.—Renaissance Quarterly, reviewing Women's Writing in Italy, 1400–1650

**Delenda Carthago!** Gianni Sandalo,2017-12-21 In un piccolo centro del Salento jonico, Melissano, si intrecciano le vicende di un gruppo di ragazzi i quali dal nulla danno vita ad un singolare club che pian piano acquista un'importanza rilevante in paese, grazie alla moralità ed al carisma del loro piccolo capo. Un club in cui la musica fa da filo conduttore e che in breve tempo diventa un punto di richiamo di un'intera comunità ed in particolare di persone disperse nei tortuosi sentieri della vita. Ed un piccolo capo, la cui passione per la storia di Roma lo esalterà nel combattere, come un sagace Giulio Cesare

dei nostri giorni, difficili e complesse battaglie per far trionfare i suoi sani principi. Ma ci riuscirà fino in fondo, nonostante la sua giovanissima età?

The Snowman Suite ,1998-12-01 Raymond Briggs' charming Christmas story of the boy who builds a snowman who comes to life, and their adventures together, has become a children's classic. It's popularity has been further enhanced by frequent television broadcasts of the award winning cartoon film The snowman. Suite for the violin and piano has been arranged by David Mather. Titles: Dance of the Snowman \* Walking in the Air \* Music Box Dance.

*Crisis and Form in the Later Writing of Ingeborg Bachmann* Áine McMurtry,2012 Ingeborg Bachmann (1927-73), one of the most acclaimed German-language poets of the post-war period, famously turned away from the lyric during the 1960s.

Publicly declaring that she had stopped writing poetry, Bachmann began work on the prose Todesarten cycle that would dominate the last decade of her life. During a period of personal breakdown in the 1960s, however, she privately continued to write in verse, and the publication of selected drafts in 2000 threw new light on her compositional methods in this period. As the most extensive study to date of the poetic drafts, this monograph leads away from the polemic that surrounded their publication to establish the fragmentary texts as an experimental stage of writing that proved formally and thematically significant for later published prose works. Bridging the genre gap of much Bachmann scholarship, McMurtry illuminates the development of a reflexive mode where sophisticated aesthetic strategies enable the oblique expression of cultural critique.

McMurtry is Lecturer in German at Durham University.
